

## Maine Yukon Day Ranger Kids Events

### Outdoor Activities

#### 1. Snowman making

Be prepared to build! You will need to bring carrots, cookies, licorice, and other fun items to decorate the snowmen that you will be building. We will all be working on building the snowman together.

#### 2. BB Guns

Ready, Aim, Fire! A shooting range will be set up for you to shoot BB Guns, and you should check with your leaders how many points you received.

#### 3. You will make a cup of hot cocoa.

We will go to the fire station, and we will make hot cocoa. Each boy will drink his own cup of hot cocoa. Be careful not to burn yourself as you make your hot cocoa over an open fire.

#### 4. Relay race

A relay race will be set up with a variety of obstacles that each boy must conquer. You will have to wait and see what is ahead of you concerning this aspect of the day.

#### 5. Sled Race with the dog sleds

A tradition of Maine Yukon Day is the dog sled race. Each team will participate by racing to see which dog sled is the fastest. (You will want to make a dog sled for your Ranger Kids. The sled does not have to be large, but it should be capable of carrying one boy during the relay race. The boys will also need to have their hot cocoa packets on their sled as well as their supplies for making their snowmen.)

#### 6. Best looking sled contest

Yet another tradition of Maine Yukon Day is the best looking dog sled. There will be a variety of judges that will judge your sled so be sure to decorate your sled with a prize in mind.

### Indoor Activities

#### 1. Bean bag toss

During the day we will be alternating outdoor activities with indoor activities. A fun activity that we have been doing the last couple of years has been the bean bag toss. Each one of you will get a chance to throw the bean bag. You may want to ask where the bean bags came from; look for Commander Philbrick he will explain.

#### 2. Bubble gum chewing contest

Get your teeth ready! You will receive gum, and we will see who can blow the biggest, stickiest bubble.

#### 3. Remote control race car track

Put on your helmets and get ready to race your cars! We will set up a race track in the gym for the boys to race remote controls.

#### 4. S'Mores

We will need to take a break from our strenuous competitions and enjoy a s'more. These s'mores will be cooked over the fire in the gym.

#### 6. Learn our verse

Throughout the day the boys will learn phrases from the verse that we will be memorizing for the day.

#### 7. Who wants some ice cream

We will be making homemade ice cream in the gym. You will just need to bring a little patience along with you.
